SUMMARY

Data Analyst with an MSc in Data Science and 1 year of professional software development experience. Skilled in **Power BI, SQL, Excel, Python**, and **Data Visualisation**, with hands-on experience building interactive dashboards, performing exploratory data analysis, and developing machine learning models. Passionate about transforming data into actionable business insights.

EXPERIENCE

Divine Virtuality | MERN Stack Developer

Karachi, Pakistan | Oct 2020 - Nov 2021

- Developed and maintained responsive web applications using **React, Node.js, Express.js**, and **MongoDB**, following **Git**-based version control and collaborative development workflows.
- Built and integrated **RESTful APIs** using **Node.js** and **Express.js** to enable efficient communication between front-end and back-end services.
- Collaborated with international clients from the United States, India, and Lebanon to deliver software solutions within project deadlines.
- Implemented and optimised reusable React components, resolved application bugs, and improved application performance and maintainability.

PROJECTS

HR Analytics Dashboard | Power BI, Power Query, DAX

- Designed an interactive HR analytics **Power BI** dashboard that transformed raw employee data into actionable insights on attrition, demographics, salaries, and workforce trends using **Power Query** and **DAX**.

Fantasy Football League Dream-Team Prediction | Python, Pandas, NumPy, Scikit-learn, LightGBM, CatBoost, Google Colab

- Developed a machine learning model using **CatBoost** and **LightGBM** to predict optimal Fantasy Premier League teams with **83% accuracy**. Performed exploratory data analysis on **10,000+ player records** and engineered features using an 8-fold cross-validation pipeline.

SKILLS

Data Analytics:	Data Preprocessing Exploratory Data Analysis (EDA) Feature Engineering Dashboard Design & Development Data Visualisation Predictive Modelling MS Excel Power BI
SQL & Databases:	SQL Joins Aggregations Subqueries CTEs Window Functions SQL Server (MSSQL) MySQL PostgreSQL MongoDB
Python:	NumPy Pandas Scikit-learn Keras Matplotlib Seaborn
Software Development:	HTML5 CSS3 JavaScript React React Native Node.js Express.js Bootstrap Tailwind CSS Axios Context API Redux Toolkit GraphQL Firebase Django
Version Control:	Git GitHub
Soft Skills:	Problem Solving Documentation Time Management Teamwork Adaptability

EDUCATION

University of Hertfordshire

Master of Science in Data Science with Advanced Research

Hatfield, Hertfordshire, UK | Jan 2022 – Feb 2024

Iqra University

Bachelor of Science in Computer Science

Karachi, Pakistan | Jan 2017 – Dec 2020

CERTIFICATIONS

Aptech Certified Computer Professional - iPro | APTECH

Karachi, Pakistan | Sept 2013 – Nov 2016
